Released: December 20, 1996

Tip Number: 0081.ext

Problem Description

A SYBASE 11 backup process will hang if SYBASE 4.9.2 backup files still exist in the database. SYBASE 11 backup files are not compatible with SYBASE 4.9.2 backup files.

Recommendation

Follow the SYBASE 11 upgrade scripts as described in the *SYBASE 11 SQL Server Upgrade Guide* to install SYBASE 11 properly. Before you back up SYBASE 11, make sure to rename or delete any SYBASE 4.9.2 backup files.
