

MODEL 5510

TABLET/NETBOOK ADJUSTABLE STAND

TABLET ACCESSORIES

FOR TABLETS, NETBOOKS, LAPTOPS UP TO 15", EREADERS

The USRobotics Tablet/Netbook Adjustable Stand is the perfect accessory for hands free viewing. The compact, foldable stand can be used with most tablets including the iPad, Xoom and Playbook, but also works with thin laptops and most netbooks. Go hands free and watch videos more comfortably, lower the angle and easily type emails, or multi-task at the office and put your tablet next to your monitors. Ideal for eliminating clutter at home, combine with a USR Bluetooth keyboard and use your tablet as the only display. This light one piece design is easy to tuck away and even comes with a travel bag. This sturdy stand is the perfect accessory for all tech gadget users.

USRobotics®

Hands free viewing, at any angle

Adjustable height

- 6 different preset angles
- Extendable legs allow for larger devices such as netbooks and laptops
- Varying angles from 11° for typing or holding laptops to 60° for watching, surfing, or reading

Excellent Design

- One piece design makes this folding stand compact and easy to carry
- Sturdy enough to support laptops up to 15"
- Works with tablets in both portrait and landscape modes, even with protective cases
- Rubber surface protects device
- Open design enhances air flow to keep devices cool

Accessorize

- Great for use with additional accessories like Bluetooth keyboards

Applications

- Watch videos without having to hold the tablet the whole time
- Work more comfortably and type at a comfortable angle
- Use with laptops to help keep it cool
- Use in the kitchen to easily follow recipes on your tablet
- Give your wrists a break from all the e-reading
