Networking

Now I have a high-performance network. It was just that easy.

USR997900A 10/100 Mbps Network Card Network your desktop PC

Access the PCs on your network to retrieve data files, compete in multi-player games, share music, and utilize printers and other network devices.

With Wake on LAN (WoL) functionality, you can even remotely power up, or down, your computer to perform routine maintenance functions from a centralized location. And by adding a U.S. Robotics Broadband Router, you can share your existing cable, DSL, or satellite broadband Internet access with all of the PCs on your network.

Information is key in today's world. Access that information from any one of the PCs in your home or office with the powerful, yet easy to install, U.S. Robotics 10/100 Mbps Network Card.

10/100 Mbps Network Card

USR997900A

- Ideal for sharing cable, DSL, or satellite Internet access
- Fast 10/100 Mbps speed
- Wake on LAN (WoL) for remote management
- Simple 2-step installation

Features & Benefits

Network your PCs to share cable, DSL, or satellite Internet access – Add a U.S. Robotics Broadband Router to your network and share your existing cable, DSL, or satellite broadband Internet access with all of the PCs on your network.

Fast 10/100 Mbps speed – Auto-sensing 10BASE-T/100BASE-TX RJ-45 port negotiates highest supported network speed – works at speeds of 10 or 100 Mbps (half-duplex) and 20 or 200 Mbps (full-duplex).

Wake on LAN (WoL) for remote management – Remotely power up, or down, your computer to perform routine maintenance functions from a centralized location.

2-Step installation – The U.S. Robotics 10/100 Mbps Network Card is designed for easy installation and use and to work with the widest range of hardware and operating systems, including Windows, UNIX, NetWare, and Linux (see Minimum System Requirements).

Ideal for home and office networks – Access the PCs on your network to retrieve data files, compete in multi-player games, share music, and utilize printers and other network devices.

Specifications and Standards

- Full-duplex IEEE 802.3 10BASE-T
- Full-duplex IEEE 802.3u 100BASE-TX
- Low power 3.3 V device
- Meets PCI Local Bus Specification, Rev. 2.1/2.2
- ACPI
- DMI
- Wired for Management (WfM) 2.0 support
- 802.3x

Power Consumption

- +5 V (maximum)

Minimum System Requirements

- Any of the following operating systems: Windows 98SE/NT 4.0/2000/Me/XP, SCO UNIX, NetWare, and Linux
- Available PCI-bus slot (PCI 2.2 compliant)
- 500K available hard disk space for driver installation
- 2x or better CD-ROM drive (for Installation CD-ROM)
- RJ-45 Ethernet cable (not included)

Regulatory Compliance

- FCC approved (Part 15 Class B)
- IC approved (ICES-003)
- UL/CUL Listed

Environmental Specifications

- Temperature 32° to 122° F/0° to 50° C (Standard operating)
- Humidity 10% to 90% (Non-condensing)

Package Contents

- U.S. Robotics 10/100 Mbps Network Card
- Wake on LAN (WoL) cable
- Quick Installation Guide
- Installation CD-ROM

Package Dimensions/Weight

- Dimensions
 - Length 9.87 in. (25.08 cm)
 - Width 6.37 in. (16.19 cm)
 - Height 2.12 in. (5.4 cm)
- Weight
 - 0.75 lb (0.34 kg)

Product Dimensions/Weight

- Dimensions
 - Length 4.72 in. (12 cm)
 - Width 2.56 in. (6.5 cm)
 - Height 0.71 in. (1.8 cm)
- Weight
 - 0.12 lb (0.06 kg)

Warranty

- Two-year limited manufacturer warranty from date of purchase

Model Number

- 7900A
