

MODEL 8403
USB 3.0 CABLE TYPE A MALE TO B MALE

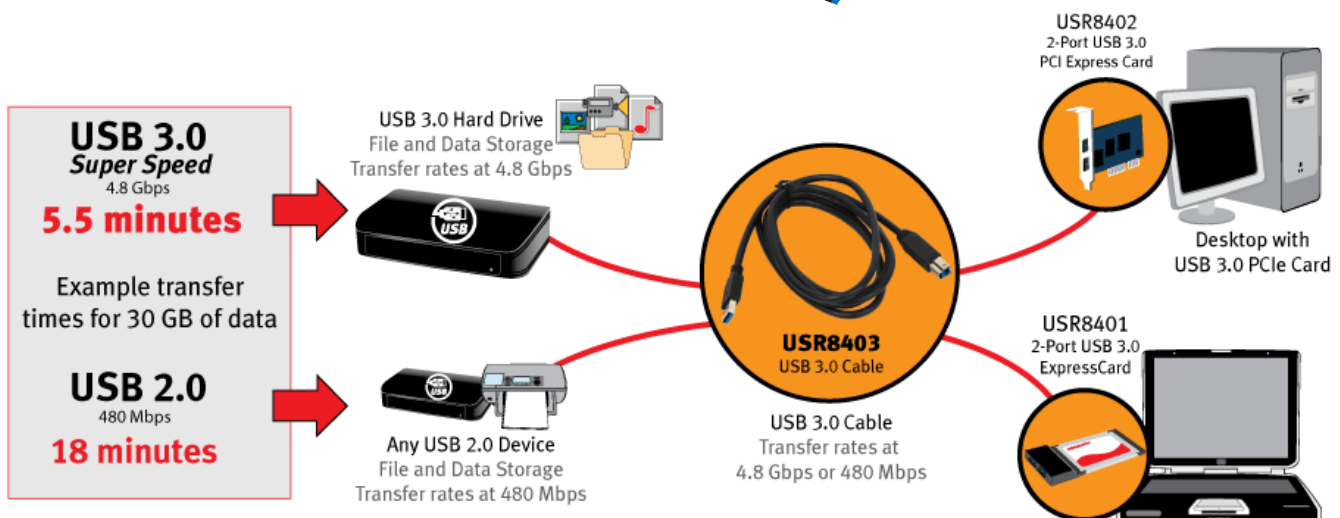

USB PERIPHERALS

The USRobotics USB 3.0 Cable connects super speed peripherals like USB 3.0 external hard drives, digital video cameras, and high-resolution webcams to USB 3.0 hubs, ports, and adapters. The blazing fast 5 Gbps transfer rate is up to 10 times faster than USB 2.0 (480 Mbps). The USB 3.0 cable is backward compatible, so while the cable is capable of super speed transfers, it also supports USB 2.0 and USB 1.1 speeds.

USRobotics®

Blazing Fast data transfer with USB 3.0

SPECIFICATIONS & STANDARDS
