

MODEL 9630

CORDLESS SKYPE DUAL PHONE

SKYPE SOLUTIONS

Call around the world for free – no cords attached – with the Skype™ certified USRobotics Cordless Skype Dual Phone. Integrating seamlessly with the powerful Skype Internet voice application, the base station plugs into an available USB 1.1 or 2.0 port, and connects to your existing phone line, to allow both cordless Skype calls and regular telephone calls. The bright, graphical LCD screen provides convenient access to your contact list and call list, and supports Skype Caller ID. In addition, the keypad allows you to place calls from your Skype phone book or to telephones anywhere in the world, with the SkypeOut subscription service.

USRobotics®

Call the world for free – no cords attached!

Free Calls to Anywhere

Now you can call anywhere for FREE! Simply install Skype software, install the USRobotics Cordless Skype Dual Phone's base station, and dial/connect to any other Skype user in the world.

Best of Both Worlds

- Direct interfacing with the Skype application enables cordless Skype use throughout a home or small business
- Makes Internet calling as simple and comfortable as using a cordless phone
- Connects to your existing phone line and operates as a standard telephone

Powerful DECT Wireless Technology

- Eliminates interference with wireless data communications (802.11a/b/g and Bluetooth technologies)
- Efficient power usage for enhanced talk and stand-by times

Powerful Functionality

- 50 meter (150 foot) indoor/300 meter (900 foot) outdoor range
- Integrated speakerphone in handset
- LED backlit, graphical LCD display
- Battery level indicator and Out of Range warning tone
- Supports Skype Caller ID and telco provider Caller ID
- Supports both PSTN and Skype calls

Excellent Voice Quality

- Integrated echo cancellation and noise reduction technology delivers life-like conversation quality
- Full-duplex operation eliminates call clipping

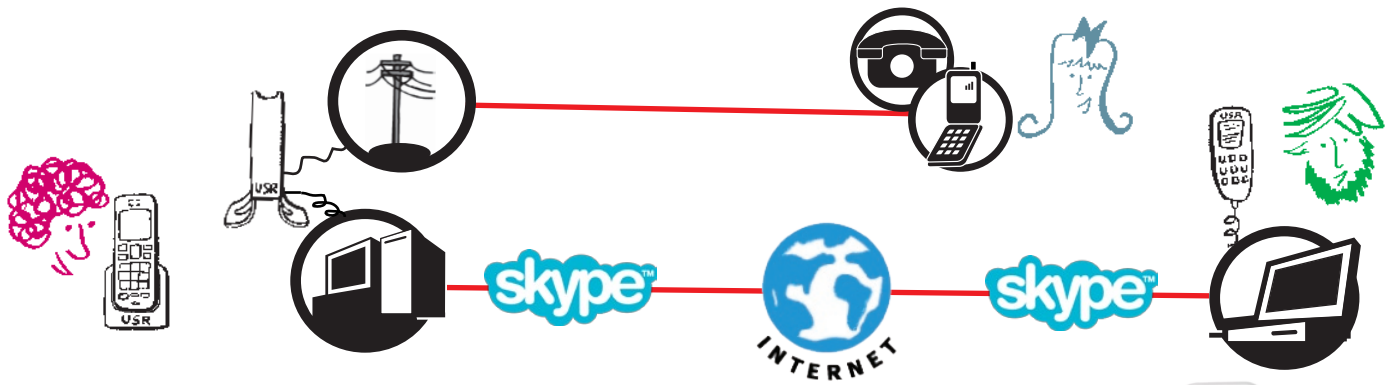

Easy to Install and Use

- Simple to install – Supports Plug-and-Play
- Use Skype even when you are not at your PC

Broad Compatibility

- Supports Windows 2000 & XP operating systems
- Compatible with USB 1.1 and USB 2.0 ports
