

MODEL 9631

CORDLESS DUAL PHONE FOR SKYPE

ACCESSORY HANDSET

SKYPE SOLUTIONS

Call around the world for free – no cords attached – with the Skype certified USRobotics Accessory Handset. Integrating seamlessly with the powerful Skype Internet voice application, it works with an existing base station to allow both cordless Skype calls and regular telephone calls. The bright, graphical LCD screen provides convenient access to your contact and call list, and supports both Skype and landline Caller ID*. In addition, the keypad allows you to place calls from your Skype phone book or to telephones anywhere in the world, with the SkypeOut subscription service.

USRobotics®

Call the world for free – no cords attached!

Free Calls to Anywhere

Now you can make Skype to Skype calls to anywhere for FREE, from multiple locations within your home or business. Use up to four Dual Phones with one base station.

Best of Both Worlds

- Direct interfacing with Skype, enabling Skype use throughout a home or small business
- Makes Internet calling as simple and comfortable as using a cordless phone
- Connects to your existing phone line and operates as a standard telephone
