USR MINI CAM FOR SKYPE

SKYPE SOLUTIONS

Make video calls to friends and family around the world for free with the sleek USR Mini Cam from USRobotics and the Skype Internet communications application. The flexible and powerful Mini Cam features true 1.3 Megapixel capture capability and full motion video at up to 30 frames per second. Great light sensitivity and wide angle viewing make this an ideal camera for desktop or laptop video communications. A headset is also included for enhanced voice transmission and reception. Simple, affordable, high-quality video, now available from a name you've learned to trust.

USRobotics®

Video Calling Made Easy!

Free Video and Voice Calling

Now you can make Skype to Skype video and/or voice calls to anywhere for free. Simply install Skype software, install the USR Mini Cam, and included Hi-Fi headset, and make video and/or voice calls to friends, family, and colleagues anywhere in the world!
